

React/ React Native Developer

Description

A great opportunity to join one of London's fastest-growing start-ups is now live!

The company have experienced large amounts of growth over the last couple of years proving there is a clear path ahead. They are providing you with a chance to play an influential role in the direction of the business moving forward, with the opportunity to build a new development team in house.

This company require your expertise to lead their development and implement any changes you think necessary.

You will communicate directly with the owner of the business, who wants things to move forward soon rather than later.

Here is a list of the skills we are looking for...

- React/ React Native
- JavaScript/ HTML/ CSS
- SQL
- Understanding of UX/UI Design
- Ability to work Autonomously
- Managing large databases
- Communicating with Third Parties
